

# Lock Box

## **Use**

- Turn the combination dials to the proper numbers
- Pull forward on the box top to open the cover
- Return the key to the inside of the box
- Push the box cover closed
- Turn the combination dials to 0000 to lock

## **Change Combination**

- On inside of box, pull off the rubber cap on the sliding pin
- Slide the pin (stiff) in the direction of the arrow (sideways and up)
- With the box still open, reset the combination dials
- Slide the pin to its original position
- Replace the rubber cap on the sliding pin
